case studies and case based learning brings authentic real world learning to the classroom and

the essays collected in this volume are the result of cooperation between the justice partnership programme in hanoi and the supreme peoples procuracy of vietnam the programme is co funded by the european union denmark and sweden knowledge of the criminal procedures of

other countries has been of particular importance to the drafters of the criminal procedure code of vietnam as they approximate the law to international standards the essays contain detailed and systematic analyses of the criminal procedures in italy china russia and the united states of america the common structure of the analyses and the meta analyses of the editor of the book make a comparative study out of it the study on the criminal procedure in china is one of the few on this subject ever published in english

accompanying cd rom includes a web based interface and a 45 minute video that provides an executive summary of the forecasting methodology p 1

the social organization of criminal courts is the theme of this collection of articles the volume provides contributions to three levels of social organization in criminal courts 1 the macro level involving external economic political and social forces joachim j savelsberg raymond michalowski mary e vogel john hagan and ron levi 2 the meso level consisting of formal structures informal cultural norms and supporting agencies in an interlocking organizational network malcolm m feeley lawrence mohr jo dixon jeffrey t ulmer and john h kramer and 3 the micro level consisting of interactional orders that emerge from the social discourses and categorizations in multiple layers of bargaining and negotiation processes lisa frohmann aaron kupchik michael mcconville and chester mirsky bankole a cole an editorial introduction ties these levels together relating them to a weberian sociology of law

today s curricula can and should incorporate critical thinking methods because they are the means by which people best understand learn and retain higher level concepts contrary to what many professional trainers assume teaching critical thinking is not achieved by shoveling facts at an audience through lecturing or multiple choice testing it requires sustained finely tuned teaching and assessment methods this book lays out a blueprint to do just that specifically it outlines the necessary components of a critical thinking classroom and provides assessment techniques and ample exercises adaptable to any student s field age or level of education often not considered are those learners schooled in a non western culture and not proficient in the presenter s language these audiences can create invisible barriers to instruction without understanding these pitfalls trainers invite frustration and failure and risk wasting everyone s time and money because they were unaware any problem existed the book addresses these linguistic cultural and cognitive obstacles and suggests several solutions whether you teach these students on your home turf or theirs

this book considers the governance of autistic defendants and offenders in the uk courts utilising the social model of disability it considers the dominant strategies of governance including vulnerability which the author argues obscures the rights of disabled people in the criminal justice system in doing so it sheds light on how this group should be governed drawing on rigorously researched case studies of autistic adult defendants through the court process the book brings together relevant legal and policy literature criminological and criminal justice theory and disability studies to provide insight into the dividing practices that affect the governance of disabled defendants conduct using interviews with elites and practitioners textual analysis and court observation of eight autistic adult defendants through their court process the book investigates why the status of autistic defendants as disabled under the equality act 2010 has been overlooked in criminal justice policy and criminal court decision making it explores the impact of the collateral effects and symbiotic harm of the criminal justice process on family members who support these defendants through the criminal justice process

employment law is a practical guide to understanding and applying the law effectively at work in the uk tailored to the needs of practitioners it offers a complete overview of the fundamentals of employment law examining its importance for an organization its employees and the hr function using a combination of practical tools assessments scenarios and case studies from best practice it will build your legal knowledge of key areas including immigration employing temporary staff changing contracts discrimination equal pay family rights redundancy and much more employment law is part of the hr fundamentals series offering practical advice to hr professionals starting out in their career completing cpd training or studying for their professional qualifications with the cipd it is the ideal companion to employee relations also by the same author

in an era of rapid technological advancement justice systems around the world stand at the threshold of a profound transformation digitalization and artificial intelligence offer unprecedented opportunities to enhance efficiency broaden access to legal remedies and bring courts closer to citizens yet as judicial processes become increasingly digitalized and automated critical questions arise how can we ensure transparency fairness and accountability in online dispute resolution odr and ai driven systems what protections must be in place to preserve privacy uphold fundamental rights and ensure that technology serves rather than undermines the core principles of justice positioned at the intersection between technology and justice digitalization and artificial intelligence in courts opportunities and challenges

explores these questions the first part of the volume considers strategies for bridging the digital divide explores the potential for process pluralism outlines data protection requirements and emphasizes the necessity of robust cybersecurity frameworks it also tackles one of the most pressing concerns of the digital era fostering trust and legal certainty in a virtual justice system the second part presents a comparative analysis of selected groundbreaking national and cross border court digitalization initiatives from england and the united states to china pakistan and the european union the final part examines the role of ai in courts offering a critical reflection on its promises and perils from algorithmic bias to the controversial concept of ai judges through a rigorous and balanced analysis the authors map the opportunities and challenges of an increasingly digitalized legal landscape essential for legal professionals policymakers and scholars digitalization and artificial intelligence in courts serves as a fundamental guide to navigating the future of justice systems and technology in the twenty first century includes a foreword by lord briggs of westbourne justice of the supreme court of the united kingdom

written from an interpretive and constructionist perspective this insightful book explores how to conduct case study research focusing on the lived experience of those in the case helen simons shines a spotlight on the use of art forms and story in case study research alongside other qualitative methods that advance intuitive understanding and inclusion underpinning this focus are epistemic justice and democratic ethics in a lively personal style simons distills expertise and practical wisdom gained over decades of conducting case study research of programs policies and institutions chapters consider how to design conduct and interpret case study research write up cases for different audiences assure validity and quality and generalize from a single case helpful features include examples summaries practical tips pauses to reflect and annotated suggestions for further reading

the oxford handbook of nuclear security provides a comprehensive examination of efforts to secure sensitive nuclear assets and mitigate the risk of nuclear terrorism and other non state actor threats it aims to provide the reader with a holistic understanding of nuclear security through exploring its legal political and technical dimensions at the international national and organizational levels recognizing there is no one size fits all approach to nuclear security the book explores fundamental elements and concepts in practice through a number of case studies which showcase how and why national and organizational approaches have diverged although focused on critiquing past and current activities unexplored yet crucial aspects of nuclear security are also considered and how gaps in international efforts might be filled

contributors to the handbook are drawn from a variety of different disciplinary backgrounds and experiences to provide a wide range of perspectives on nuclear security issues and move beyond the western narratives that have tended to dominate the debate these include scholars from both developed and developing nuclear countries as well as practitioners working in the field of nuclear security in an effort to bridge the gap between theory and practice
